Just published a new edition of Br. Culverwell's Celebrated Essey on the Radical cure of Seminal Wenkness,or Spermatorraea, induced by Self-Abusy, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage, etc., etc., als causamption, Epipsy, and Fits; Mental and Physeal Incapacity induced by self-indulgence or sexual extravagance etc.

The celebrated author in this admirable essay, clearly demonstrates from a thirty year-practice, that the alarming consequences of self abuse may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radicaly.
